

INTRODUCING OUR INCLUSIVE COMMUNITY CARE PROJECT.

*An inclusive befriending service for
BAME communities in Sheffield*

Who are SCCC?

We are a Sheffield charity established in 1966. We aim to enhance older peoples quality of life through volunteers who offer the kind of support a 'Good Neighbour' might give.

What is the project?

An inclusive befriending service for Black, Asian and Minority Ethnic communities. We help to reduce older people's feelings of loneliness and isolation through regular telephone support and friendly visits to their home. Where possible, we aim to match volunteers and older people according to their cultural language and other needs.

Looking to connect?

Are you over 65? Want extra friendship and support? Looking for a friendly face to sit & chat with on a regular basis? Someone who can speak your own language & understands? Then contact us for further details.

Looking to volunteer?

Do you love to chat? Do you want to support your local community? Can you speak an additional language? Can you spare an hour a week to visit a older person? Then join us as a volunteer.
